Specifications are liable to change without prior notice. All trademarks mentioned are property of their respective owners.

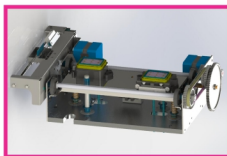

Original Epson DX5 heads

Dual original Epson DX5 eco-solvent print heads reach true 1440dpi, deliver outstanding printing speed and stunning printing quality.

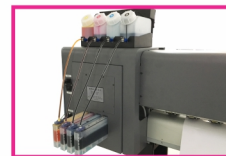

GZ Greyscale Technology

GZ Greyscale Technology delivers flawless skin tone, smoother gradient, crisp text and intricate detail without compromising speed.

Auto Capping & Wiping System

Auto Capping & Wiping System with aluminum base perfectly cleans the print head nozzle face to achieve excellent printing quality and extend the print head life.

Bulk Ink Supply System

Up to 1.5 L of big ink tanks and ink cartridges assure more stable ink supply and reduce maintenance costs.

Optional: Constant Tension Take-up

Constant tension take-up can wind the media up to 20kgs. It is suitable for different kinds of media and easy for installation and maintenance.

Optional: IR Drying System

Intelligent IR drying system works synchronously with printing, not only enhancing ink dryness but also saving energy and securing printing.
